

MEMORANDUM

TO: Members of the Planning Commission
THROUGH: ^{Burb} Barbara McBeth, AICP, Community Development
FROM: Mark Spencer, AICP, Planner *Mark Spencer*
SUBJECT: Text Amendment 18.233
DATE: November 21, 2008

As a part of the Community Development Department's on-going efforts to improve customer service and to streamline the development and redevelopment process in Novi, the City's Planning staff has reviewed Sections 2516 and 2520 of the Zoning Ordinance regarding administrative review of façades.

Staff identified two minor ordinance modifications that could help reduce the processing time for an applicant proposing to modify an existing façade that was previously approved with the Planning Commission granting a Section 9 waiver, while protecting the interests of the citizens of Novi.

The proposed amendment would allow for administrative façade waivers where the applicant is only proposing revisions to a non-conforming façade that previously received a Section 9 waiver and the proposed modification is equal or more conforming to the material requirements listed in the Schedule Regulating Façade Materials in Section 2520. The proposed modifications are to Sections 2516.1.c(10) and 2520.9.

The ordinance currently allows for administrative approval of façade changes when the proposed facade complies with all ordinance requirements. Revisions to a facade that was previously approved with a Section 9 waiver from the Planning Commission would have to comply completely with the material requirements of Section 2520 to obtain administrative approval. These amendments would permit administrative approval of revised facades previously approved with a Section 9 waiver provided they are equally or more compliant with the material requirements of Section 2520 and in the opinion of the City's façade consultant the proposed façade is consistent with the overall project design and the previously granted Section 9 waiver and it will generally enhance the visual quality of the project.

Staff notes that revising a facade seldom has substantial issues, and reducing the processing time may encourage more reinvestment in commercial properties.

The Rojo Mexican Bistro at Twelve Mile Crossing at Fountain Walk for façade revision only project (ZCM 08-57) that went before the Planning Commission on November 5, 2008 is an example of a façade revision that would be eligible for administrative review if this proposed amendment is adopted. The Twelve Mile Crossing at Fountain Walk project was originally approved with a Section 9 waiver, the proposed façade is more compliant with the Schedule Regulating Materials than the approved façade and the City's façade consultant stated in his review that the "...design is consistent with the overall project and will generally enhance the visual quality of the project."

A draft strike-through version of the proposed amendment is attached for review. Please feel free to contact the Community Development Department if there are any questions about the attached materials

A public hearing on this proposed amendment is scheduled before the Planning Commission on December 10, 2008. At this meeting, the Planning Commission is asked to review the proposed amendment and make a recommendation on it to City Council.

ORDINANCE NO. 08- 18 -233

AN ORDINANCE TO AMEND ORDINANCE NO. 97-18, AS AMENDED, THE CITY OF NOVI ZONING ORDINANCE, ARTICLE 25, GENERAL PROVISIONS, SECTION 2516 SITE PLAN REVIEW AND SECTION 2520 EXTERIOR BUILDING WALL FAÇADE MATERIALS; IN ORDER TO PROVIDE FOR ADMINISTRATIVE APPROVAL OF FAÇADE WAIVERS WHEN EXISTING NON-CONFORMING FACADES ARE UPGRADED.

THE CITY OF NOVI ORDAINS:

Part I. That Ordinance No. 97-18, the City of Novi Zoning Ordinance, as amended, Article 25, General Provisions, Section 2516, Site Plan Review (All Districts) and Section 2520, Exterior Building Wall Façade Materials are hereby amended to read as follows:

Article 25, General Provisions

Sec. 2516. Site Plan Review (All Districts).

1. - a.-b. [unchanged]

c. A site plan may be reviewed for approval administratively without formal review by the approving body under the following circumstances:

(1)-(9) [unchanged]

(10) When the plan only proposes a change to a previously approved facade plan and the proposed facade revision conforms with the provisions in this Ordinance, or the proposed façade revision receives an administrative Section 9 façade waiver per the requirements of Section 2520.9.

(11) [no change proposed]

d.-e. [unchanged]

2.- 8. [unchanged]

Sec. 2520. Exterior Building Wall Facade Materials.

1.-8. [unchanged]

9. *Facade Waiver.* When a particular building design and the materials and colors or combination of materials and colors proposed to be used in the exterior walls are found by the Planning Commission to be in keeping with the intent and purpose of this Section, but may differ from the strict application of Section 2520.2 and the Schedule Regulating Facade Materials of this Section (e.g., use of new materials not covered in the Facade Materials Schedule), the Planning Commission may waive the requirements of this Section. When a waiver is requested under this subsection, the drawings shall be accompanied by a more definitive description of the building design consisting of a written design statement which shall describe how the selected facade materials and/or colors and material combinations will be consistent with and will enhance the building design concept and how the materials and/or colors properly relate to the buildings in the surrounding area. When necessary the Planning Commission may as part of its review request the report and recommendation from a consulting architect as to the proposed waiver, and may establish a fee for this report.

A facade waiver may be granted administratively by the Community Development Department when a facade alteration is proposed for an existing facade that previously received a Section 9 facade waiver by the Planning Commission, when the following conditions apply:

- (a) The site plan meets the eligibility requirements of Section 2516.c for administrative review;
- (b) The City's facade consultant has determined that the proposed facade is consistent with the overall project design and the previously granted Section 9 facade waiver and, in the opinion of the City's facade consultant, it is determined that the proposed modifications will generally enhance the visual quality of the project; and
- (c) The City's facade consultant has determined that the proposed facade is equally or more conforming with the material requirements of the Schedule Regulating Facade Materials of this Section.

If during administrative review, the Community Development Department determines that the changes or modifications proposed may significantly impact the site or adjacent areas, the Section 9 facade waiver request will be forwarded to the Planning Commission for action.

10.- 14. [unchanged]

CALL TO ORDER

In Mark Pehrson's absence, the meeting was chaired by member Wayne Wrobel, who called the meeting to order at or about 7:00 PM.

ROLL CALL

Present: Members Brian Burke, David Greco, Andrew Gutman, Michael Lynch, Michael Meyer, Wayne Wrobel

Absent: Members Victor Cassis (excused), Brian Larson (excused), Mark Pehrson (excused)

1. **SET A PUBLIC HEARING FOR DECEMBER 10, 2008 FOR ZONING ORDINANCE TEXT AMENDMENT 18.233 RELATING TO ADMINISTRATIVE WAIVERS OF FAÇADE MATERIAL REQUIREMENTS WHEN A PROPOSED CHANGE TO A NON-CONFORMING FAÇADE IS IN GREATER COMPLIANCE WITH THE ORDINANCE STANDARDS**

Deputy Director of Community Development Barbara McBeth said this streamlining effort has been proposed by the Community Development Department. This language allows administrative approval for façade changes that are more conforming than what has already been approved with the Planning Commission's Section Nine Waiver. This is fairly limited in scope; a recent plan that would have benefited from this language is Rojo Bistro at Twelve Mile Crossing at Fountainwalk.

Moved by Member Burke, seconded by Member Gutman:
