

## Attached Schedule A

9. State the practical difficulties which prevent conformance with the Zoning Ordinance requirements (attach separate sheet if necessary):

**Mr. Charles Boulard from the Building Department cannot renew the Temporary Special Land Use Permit that will expire on September 1, 2010. The current project on I-96 & Novi Road has been delayed. Failure to complete would result in back charges from the contractor. Therefore it is necessary to request a permanent permit to recycle broken concrete.**

**My companies have downsized the trucking operation and have been unable to sell. Recycling broken concrete would provide additional revenue to pay the mortgage and taxes.**

10. Describe any unique circumstances regarding the property (i.e. shape, topography, etc.) which are not common to other properties in the area and which prevent strict compliance with the Zoning Ordinance:

**My companies have used this site since 1979 as a truck, heavy equipment repair and aggregate material storage site. The site has been re-zoned I-1 with Grand-Fathered Right of I-2. As long as there is continued I-2 usage.**
