- Description: Reface Internally Illuminated Monument w/ Translucent Face (2 Faces)
- Face Height:
- Face Width:
- Overall Height:
- Depth:
- Illuminated:
- Electrical:
- Message A:
- Message B:
- Comments: Remove and replace existing panel w/ white translucent acrylic (Acrysteel #7328 or approved equivalent); thickness to match existing. New faces to be thermoformed to match existing to ensure even illumination. Field verify materials and dimensions prior to fabrication. Sign face background to be PNC blue Arlon 2914 opaque film. PowerLink circle to be orange Arlon 2919 translucent film. Powerlink elements to reverse out white. "PNC" to reverse out white. "BANK" to be PNC light blue Arlon 2869 translucent film. ***Reface secondary panel to match PNC blue Arlon 2914 opaque film.
- Restoration Notes: Remove and replace existing bulbs, ballast and electrical as required. Restore sign interior to like new conditions. Correct any electrical conditions that do not meet code.

Existing 5' tall ground sign (proposing an increase to 8' in height)
