<b>EXPENDITURE REQUIRED</b>	<b>\$ 138,620</b>
<b>AMOUNT BUDGETED</b>	<b>\$ 147,000</b>
<b>APPROPRIATION REQUIRED</b>	<b>N/A</b>
<b>LINE ITEM NUMBER</b>	<b>266-266.00-983.000</b>

### BACKGROUND INFORMATION:

As part of the 2017-18 Budget, forfeiture funds were approved to purchase five (5) marked replacement vehicles. Mileage estimates are made more than a year in advance, based on approximately 3,100 miles per month, per vehicle. As a result of maintenance issues, crashes, or other vehicle related issues, mileage may increase or decrease for some vehicles. Current analysis shows we need five (5) replacement vehicles during this budget cycle. The replacement vehicles will consist of five (5) 2018 Ford Police Interceptor Utility vehicles. The current contract requires that patrol vehicles be removed from emergency service at 100,000 miles.

Beginning in 2015, the Novi Police Department began deploying the Ford Police Interceptor Utility package, mounted on the Explorer platform. This platform provides all-wheel drive, more cabin space, and can be used during any weather event. The vehicle has been well received by the officers.

The vehicles will be purchased through the Macomb County cooperative purchasing contract. Upon removal from service and depending on the condition of the vehicle at the time, vehicles will either be designated as a pool car, absorbed by other departments within the City or placed on the Michigan Inter-governmental Trade Network (MITN) surplus auction.

**RECOMMENDED ACTION:** Approval to purchase five (5) 2018 Ford Police Interceptor Utility vehicles in the amount of \$138,620 from Signature Ford, Owosso, MI through the Macomb County cooperative purchasing contract.

### QUICKEST AND FASTEST UTILITY\*

Armed with the 365-hp<sup>1</sup> EcoBoost<sup>®</sup> V6<sup>2</sup> and standard AWD, it out-accelerates the competition's V8-equipped utility (and all base V6-powered sedans too). In the most recent official tests by the Michigan State Police and Los Angeles Sheriff's Department, this Police Interceptor Utility clocked 0-60-mph and 0-100-mph acceleration times, the fastest quarter-mile time, the best top speed in the quarter mile, and the fastest average lap time compared to all utility vehicles.<sup>3</sup> Dominant is the word for it.

**An intimidating presence, offering commanding views and more.** Front seats feature skin, uniquely shaped bolsters that enable officers to quickly get in, get going and get out. Those minimized bolsters supply ample room for a holstered pistol (left- or right-hand). To allow for a freestop tilt, the 6-way power driver's seat is standard. Reconfigure the rear 60/40 split-fold bench as desired, or fold it fully out of the way for 85.1 cu. ft. of load space and a 1,630-lb. standard payload capacity. Officers and dogs can be kept cooler with the auxiliary air conditioning.<sup>4</sup> The litigato release switch in the overhead console is not only handy, but helps provide added security by relocking the mechanism after 40 seconds if unattended. A rear view camera with washer is standard – the camera display in the 4" center-stack LCD screen is standard too, or choose to have that display in the rearview mirror as a 110-degree option.

**It's purpose-built in the U.S.A. – engineered in Dearborn and assembled in Chicago.** As a cost-control measure, a number of components on the Utility are identical to the Focus. The standard 3.7L V6 and available 3.5L EcoBoost V6 share many parts for simplified service. This holds true for the front seats and brakes. Furthermore, the Police Interceptor key doesn't contain a microchip, making cost minimal for copies and the entire fleet can run with one common design.

\*Based on Michigan State Police and Los Angeles Sheriff's Department tests for 2015 models. <sup>1</sup>High-Speed and 100-mph. <sup>2</sup>Available with 100-hp. <sup>3</sup>Available with 100-hp. <sup>4</sup>Available with 100-hp. <sup>5</sup>Available with 100-hp.
