

CITY of NOVI CITY COUNCIL

Agenda Item H
February 27, 2017

SUBJECT: Approval to purchase (2) new John Deere HPX All-Terrain Vehicles from Weingartz Supply Co., in the amount of \$24,160.90 based on State of Michigan MiDeal cooperative Purchasing program.

SUBMITTING DEPARTMENT: Information Technology- Facilities Management Division 

CITY MANAGER APPROVAL: 

EXPENDITURE REQUIRED	\$24,160.90
AMOUNT BUDGETED	\$32,000
APPROPRIATION REQUIRED	None
LINE ITEM NUMBER	101-265.10-983.002

BACKGROUND INFORMATION:

The Parks Maintenance Team currently has two John Deere gators that are well past their expected life and will be placed out of commission with the purchase of the two budgeted proposed units. These are critical tools within the Parks Maintenance Team.

The proposed all-terrain vehicle (ATV)'s are manufactured by John Deere and is part of their HPX series. Some of the key features include:

- Enhanced 4-wheel suspension is tuned to cushion you when carrying a full load or when empty.
- Occupant Protection System with a passenger-side hand-hold and 3-point seatbelts is SAE ROPS certified, providing rugged good looks and protection.
- Stability that covers all angles. Even with good ground clearance, the HPX's wide wheelbase and low center of gravity deliver confidence in all conditions

The pricing is based on the State of Michigan (MiDeal) cooperative purchasing contract. Further information and photographs of the ATV are attached.

RECOMMENDED ACTION: Approval to purchase (2) new John Deere HPX All-Terrain Vehicles from Weingartz Supply Co., in the amount of \$24,160.90 based on State of Michigan MiDeal cooperative Purchasing program.

GATOR™ 2015 TRADITIONAL UTILITY VEHICLES WORK SERIES

YOU GOT THIS

When it comes to work, Gator™ Utility Vehicles get serious.

A load capacity to make a pickup truck envious, muscle to rip through rocks and mud, and backbone to get the job done whether in a barb-wired pasture or a construction site.

In short, you'll find our utility models are worksite-ready and anything-you-can-throw-at-them ready. They have engines that start when you do, cargo boxes that are easy to load and a never-call-in-sick attitude, just like yours.

These models feature Deluxe Cargo Box

*@3600 RPM engine manufacturer certified gross power tested in accordance with SAE J1995. The engine horsepower and torque information is provided by the engine manufacturer to be used for comparison purposes only. Actual operating horsepower and torque will be less. Refer to the engine manufacturer's web site for additional information. **Includes 200-lb. operator and 200-lb. passenger and maximum box capacity.

Pack more work in a day with our Deluxe Cargo Box with 16.4 cubic feet capacity, 20 built in tie-down points. Composite construction to make it dent, rattle and rust resistant. And the capability to convert to multi-use flatbed mode.

Composite sides can be removed in minutes to convert the box to a flat-bed mode that's perfect for carrying large, awkward loads like plywood sheets, bales of hay, tables and more.

A standard gas assist shock underneath the bed makes lifting and dumping effortless. An optional power lift kit raises and lowers bed from a switch right on the dash.

DC OUTLET

12-volt DC outlets you'll find on most Gators are the same ones used on boats and trucks. Even a hurricane won't faze them.

BRAKES

Every brake system is precisely matched to the vehicle load capacity. If you start with it in the back, you can stop with it in the back.

CARGO BOX

Pick-up style tailgate folds out to 90 degrees, and down a full 150 degrees. Protect your investment with a factory-installed spray-on bedliner. Optional brake/tail light kit helps you stand out on the worksite. Twenty tie-down points let you secure cargo.

FULL-SIZE

Gator HPX 4X4

WORKING-CLASS 4X4

Unlike competitive vehicles with limited-slip front differentials, you can press the 4WD switch to engage both front wheels with full torque, maximizing traction. The on-demand system automatically releases the locked front wheels when traction improves.

Wide wheelbase and low center of gravity keep the HPX grounded and stable.

Occupant Protection System (OPS) is SAE and OSHA certified!

Occupant Side Retention. Choose from ANSI[®] certified OSR nets (standard) or available stylish half doors.

Low-slung 16-gauge steel cargo box makes loading easier, and tilts for easy dumping.
