

CITY of NOVI CITY COUNCIL

Agenda Item J
July 31, 2017

SUBJECT: Approval to purchase (1) new John Deere Compact Utility Tractor from D&G Equipment, in the amount of \$35,663.04 based on State of Michigan MiDeal cooperative Purchasing program.

SUBMITTING DEPARTMENT: Integrated Solutions Team- Parks and Municipal Grounds Management

CITY MANAGER APPROVAL: *PA*

EXPENDITURE REQUIRED	\$35,663.04
AMOUNT BUDGETED	\$48,000
APPROPRIATION REQUIRED	None
LINE ITEM NUMBER	101-265.10-984.015

BACKGROUND INFORMATION:

The Parks and Municipal Grounds Management division currently has one Kubota utility tractor that is well past its expected life and will be placed out of commission with the purchase of this budgeted (101-265.10-984.015) proposed unit. This machine is a critical tool within the Parks Maintenance Team.

The proposed Compact Utility Tractor is manufactured by John Deere and is part of their 3046R series. Some of the key features include:

- Powerful and reliable Yanmar Diesel Engine
- AutoConnect™ deck compatible for deck attach/detach in seconds
- Cab or Open Station configuration
- Standard hydrostatic transmission with Twin Touch™ pedals

The pricing is based on the State of Michigan (MiDeal) cooperative purchasing contract. Further information and photographs of the Utility Tractor are attached.

RECOMMENDED ACTION: Approval to purchase (1) new John Deere Compact Utility Tractor from D&G Equipment, in the amount of \$35,663.04 based on State of Michigan MiDeal cooperative Purchasing program.

3R Series

We run premium ... because workdays run long.

Building, mowing, digging, tilling – sunrise to sunset – it's all in a day's work. That's why we made the 3R Series Compact Utility Tractors premium in every aspect ... and literally from the ground up.

So what does "premium" feel like? Durable, heavy-duty frames for increased weight and more power to the ground. Rugged diesel engines pumping out up to 46 engine horsepower. High-capacity hydraulics that make loader work effortless. Choice of dependable gear or hydrostatic transmission options. Standard four-wheel drive. An open operator station, or a climate controlled cab for year-round productivity. Easy-to-use controls and an ergonomic seat that's still comfortable after a 15-hour day ... that's what a truly premium operating experience feels like. That's how we run. And you'll feel it...

Because when workdays run long, Nothing Runs Like a Deere.

NOTICE

COLD
TEST IN PROGRESS
DO NOT ENTER

“We want to make darn sure it's out-the-door perfect”

Hot days forecasted? No worries. With the 3R's climate-controlled cab, you'll stay comfortable no matter what the weather does.

Load more. Lift more. Do more. Take home a 3R and start tackling those chores you've been putting off... your property will thank you.

1. **Operator station** – Ergonomic scissor suspension seat and color-coded control layout make operation a snap. Choose the open station for basic chores, or the cab configuration for year-round productivity.
2. **AutoConnect™ Deck** – Attach a mid-mount mower deck in seconds. Just drive over it, then drive off with it. The PTO shaft connects automatically.
3. Independent hydraulic pumps provide **effortless Power Steering** even during loader operation.
4. **Quik-Tach™ backhoes**. Get hooked up, and get digging in under five minutes.
- 5 **Quik-Park™ H160 and H165 Loaders** can be attached and detached (with integrated parking stand) in less than three minutes with no tools.
6. **Standard differential lock and 4-wheel-drive** add traction on tough ground.
