

MEMORANDUM

TO: MEMBERS OF THE PLANNING COMMISSION
FROM: CHRISTIAN CARROLL, PLANNER
SUBJECT: 22585 MONTEBELLO COURT WOODLAND PERMIT
DATE: APRIL 11, 2023

The applicant, Mark Sieckman, seeks approval of a Woodland Use Permit, PBR22-0464, to remove four regulated woodland trees ranging in size from 8 to 18 inches diameter-at-breast-height (DBH) from a lot located at 22585 Montebello Court. The site is located north of Nine Mile Road and west of Novi Road in Section 27 of the City. The applicant is requesting the removal of four regulated woodland trees in order to increase recreational space in the backyard.

The City's Woodland Consultant reviewed the request and prepared a review letter dated February 27, 2023. Based on the plans provided, the applicant is proposing to remove four regulated woodland trees within an area mapped as city-regulated woodland. Therefore, five woodland replacement credits would be required. The Woodland Consultant's review letter, which is attached, provides a detailed count and explanation of the required replacements. The proposed removals have no impact on any previously approved site plan, nor does it have any impact on any previous agreements. It should also be noted that the proposed removals are not located within any recorded conservation or preservation easements that abut and encroach onto the property. Please refer to the Woodland Consultant's review letter for additional information.

Per the City of Novi's Woodland Ordinance, where a proposed activity (i.e., home construction) does not otherwise require site plan or plat approval, the granting or denying of the (woodland) use permit shall be the responsibility of the Planning Commission. The applicant shall obtain approval of the Plan from Planning Commission prior to issuance of any permits. The Planning Commission is asked to hold the public hearing and either approve or deny the requested woodland removal permit.

Section 37-26 of the Woodland Protection Ordinance states the following:

(b) Where a final subdivision plat or a final site development plan which includes activities regulated by this chapter has been reviewed and approved by the city in conformance with the requirements of this chapter, such approval together with any additional terms and conditions attached thereto shall be considered to have completed the requirements for a permit under this chapter which shall then be issued by the city.

(c) Unless the requirements of this chapter can be satisfied by the setting aside without encroachment of sufficient woodland areas, the developer of a single-family residential subdivision plat or single-family residential site condominium shall, as a part of use permit approval under this article, designate building areas for all structures and impervious surfaces on each subdivision lot or site condominium unit. Once such building areas have been approved and made a part of the use permit, no additional woodland use permit shall be required for the

erection of structures within such a building area. **Activities on a subdivision lot or site condominium unit that extend beyond the confines of such a designated building or impervious area shall require an additional approval pursuant to this chapter, which shall only be approved when it is not otherwise feasible to utilize the lot or site condominium unit for single-family residential purposes.**

SUGGESTED MOTION:

To approve Woodland Use Permit, PBR22-0464, for the removal of four regulated woodland trees within an area mapped as City Regulated Woodland at 22585 Montebello Court for additional recreational space in the backyard. The approval is subject to on-site tree replacements of all five required woodland replacement credits. If necessary, any outstanding credits may be paid into the City's Tree Fund. In addition, any other conditions as listed in the Woodland Consultant's review letter shall be addressed.

RE: 22585 Montebello Ct.– Single Family Residential Plot Plan (Lot 14 Montebello Subdivision)
 Woodland Review #2 - PBR22-0464

Davey Resource Group, Inc. (DRG) has conducted a review of the recently submitted single-family residential plot plan for 22585 Montebello Ct. prepared by Seiber, Keast, Lehner Engineering, LLC (revision date: 08/22/2022). This is a new plot plan submission for 22585 Montebello Ct. – DRG previously reviewed a plot plan for this site (woodland review #1 letter dated 11/28/2022) that proposed no woodland impacts. This new plot plan submission proposes the removal of four (4) regulated woodland trees. DRG reviewed the plan for conformance with the City of Novi’s Woodland Protection Ordinance, Chapter 37, and the approved site plan for the Montebello Estates subdivision.

Recommendation: DRG **recommends conditional approval** of the 22585 Montebello Ct. Residential Plot Plan; see Woodland Review comments for revisions needed and the woodland permit and financial guarantee requirements.

The following Woodland Regulations apply to this site:
