

CITY of NOVI CITY COUNCIL

**Agenda Item 1
September 15, 2014**

SUBJECT: Approval to award a construction contract for the Novi Road North Pressure Reducing Valve Vault Upgrades project to Reliance Building Company, the low bidder, in the amount of \$64,600.

SUBMITTING DEPARTMENT: Department of Public Services, Water and Sewer Division *PLS* **TDK**

CITY MANAGER APPROVAL: *[Signature]*

EXPENDITURE REQUIRED	\$ 64,600
AMOUNT BUDGETED	\$ 256,671
LINE ITEM NUMBER	592-592.00-974.099
APPROPRIATION REQUIRED	\$ 0

BACKGROUND INFORMATION:

In order to maintain reliable operations of the water system, the City of Novi Water and Sewer Division proposes to construct upgrades to the Novi Road North pressure reducing valve (PRV) vault. Previous inspections of the valve vault indicate that the existing steel structure is in need of rehabilitation and that all electrical and mechanical equipment is in need of replacement. In addition, supervisory control and data acquisition (SCADA) upgrades are needed at the site to allow Water and Sewer Division staff to remotely monitor the site operations. A location map of the proposed project site is provided as an attachment.

Following in-house project design efforts and a public bid solicitation period, one (1) bid for the proposed project was received from Reliance Building Company on August 19, 2014 in the amount of \$64,600. Although only one bid was received for the proposed project, the Reliance Building Company bid has been determined to be acceptable after review of the bid as compared to industry standard costs and the engineer's opinion of probable cost. The Reliance Building Company bid is recommended as being in the best interest of the City as it is responsive to the specific requirements of the bidding instructions. The recommendation letter, which contains the bid and engineer's opinion of probably cost, is provided as an attachment.

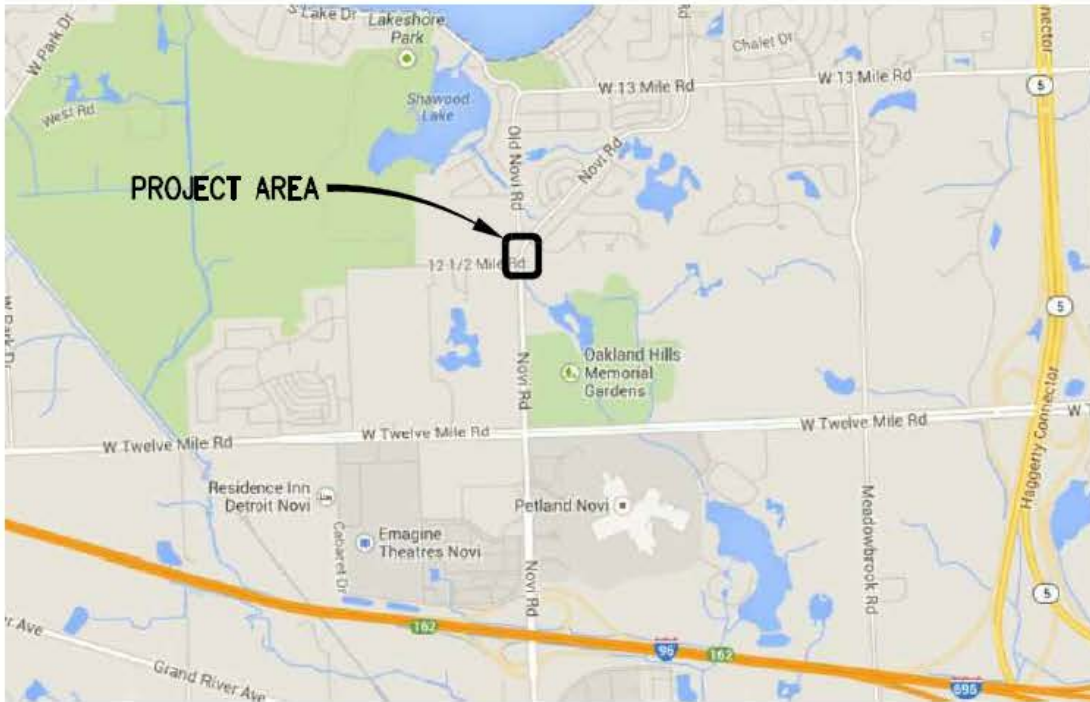

Construction is scheduled to begin in late-Fall 2014 and completion is anticipated in late spring of 2015. The construction contract calls for final restoration of the site to be complete by May 15th, 2015 in time for the high water usage season in the summer.

RECOMMENDED ACTION: Approval to award a construction contract for the Novi Road North Pressure Reducing Valve Vault Upgrades project to Reliance Building Company, the low bidder, in the amount of \$64,600.

MEMORANDUM

TO: ROB HAYES, DIRECTOR OF PUBLIC SERVICES/CITY ENGINEER
FROM: TIM KUHNS, WATER AND SEWER SENIOR MANAGER *TDK*
SUBJECT: AWARD RECOMMENDATION
NOVI ROAD NORTH PRV UPGRADES
DATE: AUGUST 21, 2014

Sealed bids for the Novi Rd. – North PRV Upgrades were received and publicly read aloud on August 19, 2014. Bid proposals were received from one (1) bidder, Reliance Building Company, which submitted a bid in the amount of \$64,600.00. The Engineer's Opinion of Construction Cost for this project was estimated to be \$127,850.00. The bid and engineer's opinion of probable cost are attached for reference.

The project consists of the maintenance upgrades to the mechanical and electrical systems within the Novi-Rd. North PRV, restoration of the interior steel surfaces of the vault, and SCADA system upgrades to the site. The work to be done under this Contract includes the furnishing of materials, equipment, and labor necessary to complete the proposed work, as well as all necessary restoration in accordance with the specifications.

Having reviewed the proposal from Reliance Building Company, we find no irregularities in their proposal. We have also contacted numerous references to verify their qualifications. These references include the following:

Reference 1:

Project: Waterford Township 28-1 Water Treatment Facility
Client: Charter Township of Waterford
Contract Amount: \$1,617,000

Reference 2:

Project: Hudson Sanitary Pump Station Improvements
Client: City of Novi
Contract Amount: \$97,700

Reference 3:

Project: Middle Rouge – Flow Metering Improvements
Client: Western Township Utilities Authority
Contract Amount: \$372,500

Based on our investigation and our previous experience with Reliance Building Company, we recommend award of the Novi Rd. – North PRV Upgrades project to Reliance Building Company in the amount of \$64,600.00, per the price bid for the project.

Please let me know if you have any questions or comments regarding this memorandum.

Cc: Scott Roselle, Water and Sewer Asset Manager

BID
for
Novi Rd. – North PRV Upgrades

Bid of Reliance Building Company hereinafter called Bidder, organized and existing under the laws of or a resident of the State of Michigan, doing business as a corporation _____ *

Insert as applicable: “a corporation”, “a partnership” or “an individual”.

TO THE CITY OF NOVI, MICHIGAN, hereinafter called OWNER:

The undersigned as Bidder hereby declares: that this Bid is made in good faith without fraud or collusion with any person or persons bidding on the same Contract; that the Bidder has read and examined the Advertisement for Bids, Instructions to Bidders, Bid, General Conditions, Supplementary Conditions, Agreement, Forms of Bond, Specifications and Drawings, as prepared by the ENGINEER, and understands all of the same; that the Bidder of its representative has made personal investigation at the site and has become fully familiar with regard to the conditions to be met in the execution of this Contract, and the undersigned proposes to furnish all labor, materials, tools, power, transportation, and construction equipment necessary for the construction of the Project and performing related work in full accordance with the aforesaid Contract Documents, including any and all Addenda officially issued, their receipt of which is hereby acknowledged:

Addendum No.	Addendum Date
<u>1</u>	<u>8/13/2014</u>

The Contract will be awarded to the lowest responsive, responsible Bidder based on the unit prices for all Work specified.

The Bidder agrees to complete the Project for the following unit prices:

Item No.	Item Description	Qty	Unit	Unit Price	Total Price
1.	Novi Rd. – North PRV Upgrades, Complete	1	LS	\$ 51,300. ⁰⁰	\$ 51,300. ⁰⁰
2.	Patch Plates	30	LINEAL INCH	\$ 20. ⁰⁰	\$ 600. ⁰⁰
3.	Repaint Chamber Room and Piping	1	LS	\$ 10,500. ⁰⁰	\$ 10,500. ⁰⁰
4.	Pit Filling	100	PITS	\$ 22. ⁰⁰	\$ 2,200. ⁰⁰
TOTAL BASE BID PRICE:				\$ 64,600. ⁰⁰	

If the foregoing Bid shall be accepted by the OWNER, the undersigned agrees to enter into the attached form of Agreement within ten (10) days after receiving notice of such acceptance, will furnish the

OWNER satisfactory bonds and certificates of insurance coverage, and will complete the Project, at the price and within the time stated in this Bid.

The undersigned further agrees that if the foregoing Bid shall be accepted, work will commence immediately after the Contract has been awarded, the Agreement executed, and a Notice to Proceed received. **The undersigned shall complete the Work in accordance with the following deadlines. The contractor shall not commence work until the Notice to Proceed is issued by the OWNER.**

Work Item	Substantial Completion	Final Completion and Ready for Final Payment
Novi Rd. – North PRV Upgrades, Complete	May 1, 2015	May 15, 2015

The undersigned attaches hereto its Bid security, as required by the Advertisement for Bids and Instructions to Bidders. The undersigned agrees that in case it shall fail to fulfill its obligations under the foregoing Bid, and/or shall fail to furnish bonds, as specified, the OWNER may, at its option determine that the undersigned has abandoned its rights and interests in such Contract and that its Bid security accompanying its Bid; has been forfeited to the said OWNER, but otherwise the Bid security shall be returned to the undersigned upon the execution of the Contract and the acceptance of the bonds.

The undersigned also agrees that for each and every calendar day that he may be in default of Substantial Completion of the Work, within the time specified in this Bid, the OWNER will suffer a damage of four hundred dollars (\$400) per day, and said OWNER shall be compensated therefore at the rate as liquidated damages in accordance with the Agreement.

In submitting this Bid, it is understood that the right is reserved by the OWNER to accept any bid, to reject any or all Bids, and to waive irregularities in bidding in the interest of the OWNER.

PRESIDENT

R. Lynn Natzic, P.E.

EDUCATION

Michigan State University, East Lansing, Michigan
Bachelor of Science, Civil Engineering

As the President of RELIANCE BUILDING COMPANY, Mr. Natzic is responsible for overall project management, office operations, business development and project bidding and estimating. Mr. Natzic joined RELIANCE BUILDING COMPANY in 1989 and purchased the company in 1995 to become its president. Mr. Natzic's varied project experience and engineering background and expertise allow him to work easily with design professionals to make sure that projects flow smoothly and efficiently to close-out. Mr. Natzic holds a Michigan Builders License in addition to his Professional Engineering Registration. He is also a member of the American Society of Civil Engineers.

PROFESSIONAL EXPERIENCE

TEXAS UTILITIES ELECTRIC

At the Comanche Nuclear Station in Glen Rose, Texas Mr. Natzic was assigned to the Civil Engineering Section. He was ultimately responsible for piping and supports engineering as they pertained to the nuclear power generation facility. Mr. Natzic monitored contractor personnel and wrote design guidelines and procedures primarily in the raceway support design scope. He later became the Lead Engineer for the seismic conduit supports and supervised the design, field engineering, routing and support of class 1E electrical raceway.

MORRISON CONSTRUCTION COMPANY

As a contract worker at La Salle County Nuclear Station in Seneca, IL, Mr. Natzic was assigned to verify as-built dimensioning. He also drafted the initial design for the instrumentation and process piping supports for seismic vibration analysis. Additionally Mr. Natzic was responsible for checking start-up system isometric packages.

BECHTEL POWER CO.

At Midland Units 1 & 2, in Midland, MI, Mr. Natzic checked small bore piping and supports for field interferences and performed redesigning as necessary within the plant. Mr. Natzic also performed the initial set up of the tracking system for pipe supports through all phases of design, fabrication, and inspection.

PROJECT MANAGER

Daniel B. Chenoweth

EDUCATION

Eastern Michigan University, Ypsilanti, Michigan
Bachelor of Science, Construction
Management, 2007

Walsh College of Business and Accountancy,
Troy, Michigan
Master of Business Administration, 2012

Mr. Chenoweth joined RELIANCE BUILDING COMPANY as an intern in 2006. Upon the completion of his degree he was hired full-time as a project manager. Since then, he has successfully completed a number of projects. When not on the jobsite, Mr. Chenoweth is bidding and estimating new work and backing up field operations from the office. Mr. Chenoweth's prior construction experience began in 1998 when he started as a pre-apprentice for Dunn Electric Company in Ann Arbor working on the scoreboards at U of M Stadium.

Construction Experience and Present Commitments of the Key Individuals

R. Lynn Natzic, PE, Senior Project Manager

Graduate of Michigan State University - Civil Engineering
Registered Professional Engineer in the State of Michigan
Thirty-two (34) years Engineering, Construction and Project Management
experience

Mr. Natzic will provide the overall planning and scheduling, contract
administration, subcontract division of work, and also monitor on site work
progress and quality. Currently available.

Mr. Dan Chenoweth, Project Manager

Graduate of Eastern Michigan University in Construction Management
and Business

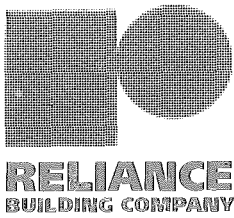

Seven (9) years Construction and Project Management Experience

Mr. Chenoweth will be on-site the majority of his time providing project
management and coordination of work. Available within 60 days from bid date.

Charles A. Olson, PE, Consulting Engineer

Graduate of Purdue University, School of Civil Engineering
Thirty-Nine (41) years Engineering and Construction Management
experience

Mr. Olson will provide administration and project support and scheduling.
Currently available.

Current Projects

Biofilter Ventilation System for Odor and Corrosion Control, Fraser, MI

Project includes construction of an underground concrete vault for a 20,000 CFM fan and three media filter beds. The fan will pull air from the adjacent sanitary sewer system and filter it through the filter beds to reduce corrosion of the downstream system by hydro sulfuric acid.

Cost: \$1,837,000

Architect/Engineer: Giffels Webster

Completion Date: Under Construction, 60% complete

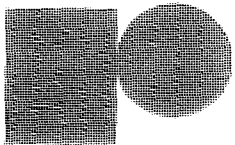

Wastewater Treatment Plant Improvements, East China, MI

This project consists of the removal and replacement of two primary chain and flight clarifiers, two secondary circular clarifiers, a new heat exchanger for the digester and a new waste gas burner.

Cost: \$814,000

Architect/Engineer: Wade Trim Associates, Inc.

Completion Date: Under Construction, 50% complete
